## Course Summaries and Schedules :

### Permanent Makeup Course (Micropigmentation)

Length: 3 Days Skill Level: Beginner

Learn all that's needed to start a career in the profitable industry of permanent makeup. With hands-on practice on live models and practice skin, you'll learn guidelines for safety and sanitation, effective anesthetic techniques, intricacies of eyebrow shaping and shading, finer points of eyeliner application, utilization of color to solve lip shape problems, color theory and pigment usage, color mixing, camouflaging and skin tone interpretation, mistake correction, and more.

#### Day 1

##### Color Theory

Micro pigmentation usage

Choosing colors for eyebrows, eyeliner and lip liner

Skin tone interpretation

Written color theory test

Sanitation and sterilization

Written sanitation & sterilization test

##### Eye Liner

How to avoid smears and smudges

Achieving good symmetry and density

Learn how to control pain

#### Day 2

##### Lip Liner

Lip color retention

Application of topical anesthetics

Applying colors to enlarge or minimize lip size

##### Eyebrow

Learn artistic techniques (use of brow ruler)

Shaping, filling and coloring of eyebrows

Prevent & correction of blue, purple brows

Homework practice on paper and skin sheet

#### Day 3

##### Use of Permanent Makeup Machine

Machine assembly for correct operation

Comprehensive needle use and application

Identification of parts

Machine positioning and skin support

##### Lab Practice & Performance

Hands-on with life-like mannequins

How to correct possible mistakes

Effective pain control system

Learn how to give an effective consultation

### Permanent Makeup Correction Course (Micropigmentation)

Length: 2 Days Skill Level: Advance

Take your micropigmentation skills to the next level. Learn advanced techniques that reduce procedure time while increasing customer satisfaction. Master the art of camouflaging, full-lip coloration, and more. It is highly recommended that you have prior Micro-Pigmentation knowledge before enrolling.

#### Day 1

##### Eyebrows

Perfecting uneven eyebrow technique

Preventing & correcting brow color fading and casts

Techniques for eliminating touch-ups

Correction & Camouflage pigmentation.

#### Day 2

##### Eye Liner

The 3-minute eye-liner technique

Working with client's skin type and pigment acceptance

Preventing pigment fading & migration

Correcting for blue & gray color casts

Different thicknesses of eyeliner & add flare

##### Lip Liner

Lip liner and full lip application

Techniques for correcting blue or purple-shade lips

Proper use of round or flat needles

Lip color retention

##### Advanced Color Theory and Pigment Use

Understanding skin undertones that affect color shades

Color correction and custom pigment formulations

professionalism

Become a highly skilled certified  
technician

### **Microblading Course (Feather Touch)**

Length: 3 Days Skill Level: Beginner

Become an eyebrow perfectionist. Learn how  
to create symmetrically stunning eyebrows with both  
pencil and stencil by using Microblading techniques  
that ensure correct brow shape, weight, and position.  
Gain an understanding of hair stroke tempering and  
get the secrets of creating lifelike brows with Feather  
Touch needles. This course also includes learning the  
proper application of analgesics, and getting  
hands-on experience with our 5-brow practice skin  
and live models. It is highly recommended that you  
have prior Micro-Pigmentation knowledge before  
enrolling.

#### Day 1

##### Introduction & Layout

Introduction of the Feather Touch Kit  
Layout with pencil to ensure brow shape,  
position, arch, and tail

#### Day 2

##### Special Techniques

Revolutionary new needles  
Techniques for pain control

Creating hair strokes for a super-realistic 3-D  
look

Hair Stroke Tempering

Adding life and realism to old brows with hair  
stroke

Hands-on practice with 5-brow practice skin

Technique test

Additional Business

Generating market demand for returning  
clients

### **Master Microblading Course (Feather Touch)**

Length: 3 Days Skill Level: Master

(2 Days Instruction + 1 Day Optional)

A highly-specialized needle deep technique  
that creates each and every stroke as if it's part of  
you! It doesn't matter if you like them arched and  
feathered or straight and bold, eyebrows are the  
most important facial feature. This course is designed  
for those who want to further their Microblading skills  
with various types of stroke patterns, fundamentals of  
skin and advanced procedure techniques. It is highly  
recommended that you have prior advanced  
Microblading knowledge before enrolling.

#### Day 1

##### Introduction

Master fundamental and technique theory

Demonstrate drawing eyebrows on skin  
material

Demonstrate implementing pigment onto skin  
material

Student practice and homework assigned  
(due next morning)

#### Day 2

##### Live Practice

Critique homework

Ombre technique for shading

Learn RulerTouch for balance

Male hair stroke pattern

Tool usage demonstration

Live model Demonstration on brow procedure

Student work on live model with instructor's  
assistance
