Course Description:

Length: 3 Days

Skill Level: Introductory

Become an eyebrow perfectionist. Learn how to map symmetrically stunning eyebrows with our Perfect Brow Guide Ruler and Stencil. Gain hands-on Microblading hair stroke and shading techniques with our certified instructor and use our Brow Practice Skin to ensure the learning of different varieties of brow styles, shapes, depth, weight, and position. Attain an understanding of the hair stroke template and secrets to creating life-like brows with Feather Touch Needles. This course will start with practice on paper templates and then graduate to hands-on skin materials. A dummy head will be provided for operation training under the instructor's supervision for maximum comfort before starting a live procedure.

Course includes:
